

Rochdale Early Advantage Charter School

Communication With Those Charged With Governance

October 26, 2017

October 26, 2017

To the Audit Committee
Rochdale Early Advantage Charter School

We have audited the financial statements of Rochdale Early Advantage Charter School (the "School") for the year ended June 30, 2017 and are prepared to issue our report thereon dated October 26, 2017. Professional standards require that we provide you with the following information related to our audit. This letter is divided into two sections: 1) required communications from the auditors to those with audit oversight responsibilities and 2) opportunities for strengthening internal controls or enhancing operating efficiency and our related recommendations.

REQUIRED COMMUNICATIONS

A. Our Responsibility under U.S. Generally Accepted Auditing Standards:

As stated in our engagement letter April 25, 2017, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities. Our responsibility is to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement. As part of our audit, we considered the internal control of Rochdale Early Advantage Charter School. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

B. Planned Scope and Timing of the Audit:

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters in July 2017.

C. Auditor Independence:

We affirm that MBAF CPAs, LLC is independent with respect to Rochdale Early Advantage Charter School.

D. Qualitative Aspects of Accounting Practices:

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Rochdale Early Advantage Charter School are described in Note 2 to the financial statements. As described therein, the School elected to implement the application of an accounting pronouncement pertaining to accounting for uncertain tax positions. We noted no transactions entered into by the School during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

E. Accounting Estimates Used in the Financial Statements:

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate's affecting the financial statements was:

Allowance for Doubtful Accounts:

As of June 30, 2017, Rochdale Early Advantage Charter School recorded grants and other receivables of \$252,274. Management concluded that no allowance for doubtful accounts was necessary. Management calculated based on the assessment of the credit-worthiness of the School's donors, the aged basis of the receivables, as well as economic conditions and historical information. Based on our audit procedures which included a discussion with the School fiscal Consultant and a test of subsequent collections, we concur with management's conclusion.

Depreciation:

Management's estimate of depreciation is based on estimated useful lives of assets. We evaluated the estimated useful of assets in comparison to generally accepted accounting principles in determining that it is reasonable in relation to the financial statements taken as a whole.

Functional Statement Allocation:

Management's estimate of the allocation of functional expenses is directly identified with the program or supporting service to which they relate. We evaluated the key factors and assumptions used to develop the estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

F. Sensitive Disclosures Affecting the Financial Statements:

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure(s) affecting the financial statements were:

The disclosure of Risk Management in Note 5 to the financial statements which describes various risks to which the School is exposed.

G. Corrected and Uncorrected Misstatements:

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Except as those made known to you, management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole. We will identify those adjustments proposed both corrected and uncorrected:

Proposed and Corrected:

Corrected:

In the current year, there were 6 audit adjustments that decreased the net assets by approximately \$336,000. The most significant adjustments were the following:

- 1) To write off due from construction company for approximately \$300,000.
- 2) To write off a security deposit for \$15,000.

In the prior year, there were 2 audit adjustments that increased net assets by approximately \$303,000.

Proposed and Uncorrected:

There were no audit adjustments proposed and uncorrected.

H. Audit Difficulties and Disagreements with Management:

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report.

We are pleased to report that no such disagreements arose during the course of our audit.

I. Management Representations:

We have requested certain representations from management that are included in the management representation letter dated October 26, 2017.

J. Management Consultations with Other Independent Accountants:

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the School's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

K. Other Audit Findings or Issues:

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the School's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

OPPORTUNITIES FOR STRENGTHENING INTERNAL CONTROLS OR ENHANCING OPERATING EFFICIENCY

Property, Plant and Equipment Testing:

Our testing of property plant and equipment revealed a capitalization policy of \$1,000 which leads to a larger number of inconsequential items being capitalized. We recommend that the School consider raising the threshold between \$3,000 to \$5,000. We also found that assets were being capitalized according to invoice amounts. We recommend that the determination to expense or capitalize assets be done by individual items not by invoice.

We wish to thank management and personnel for their support and assistance during our audit. We would be pleased to further discuss the contents of this report with you at your convenience.

This information is intended solely for the use of the Audit Committee, Board of Trustees, and management of Rochdale Early Advantage Charter School and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

MBAF CPAs, LLC
